

STEPS IN CRITICAL CONTEXTUALIZATION

1. PHENOMENOLOGY:

- study the culture using your perspectives
- learn to see the culture through the eyes of the people: **emic analysis**
- develop a meta-cultural grid to compare and evaluate the perspectives: **etic analysis**

2. ONTOLOGY:

- study biblical teachings on the subject at hand
- evaluate the findings in the light of Biblical truth

3. MISSIOLOGY:

- help people move from where they are to where they should be
